BRIDGEBORO ROAD REPAVING SCHEDULED TO BEGIN MONDAY

Traffic Delays Expected During Construction in Moorestown, Delran

Resurfacing of a 2.8-mile portion of Bridgeboro Road (County Route 613), from Stanwick Road in Moorestown to 440 feet north of Creek Road (CR636) in Delran, is scheduled to begin Monday, May 9.

Construction involves milling and overlay of Bridgeboro Road, and is expected to take about three weeks to complete. Traffic will be maintained with one lane alternating during construction. Motorists may experience delays and are recommended to find alternative routes during construction.

Neshaminy Constructors, Inc./American Asphalt Co., Inc. – A Joint Venture of West Collingswood is the contractor who will be performing construction as part of the County's 2010 State Funded Overlay Program.

The \$6.8M Program involves resurfacing a total 29.7 miles of County roads in 17 municipalities.
