

NOTICE OF PESTICIDE APPLICATION

CONSUMER INFORMATION NOTICE

Applicator or Applicator Business Name: **TLC LANDSCAPE CO.**
Address: 701 Clayton Road, Williamstown, NJ 08094
Phone: 856-629-9494

The New Jersey Department of Environmental Protection Pesticide Control Program requires us to provide customers and the public with information about the materials that we will be using as part of the pest control program for your property. We are using this *Consumer Information Notice* to provide you with this information.

Sanitation, as well as physical and biological control measures should be considered as part of a good pest control program. Pesticides may be used as another part of a good pest control program. Pesticides are substances used to control living organisms and vary in degree of toxicity.

We will apply the following pesticides listed below to Burlington County Amphitheater as needed in beds and tree rings as needed and other areas as part of your pest management program between 03-11-2020 through 04-12-2020.

You may request a copy of the label for each pesticide that we will use. In certain cases, we will provide you label precautions relating to resident or general public safety to follow prior to and/or following application of individual pesticides.

Brand Name	Common Chemical Name	EPA Registration Number
Quali-Pro	Generic Snap Shot	66222-224
Round Up Quick Pro	Glyphosate and Diquat	524-535
Evade 4 FL	Prodiamine	34704-915

You will also notice that, following each application, at least one flag will be placed on your property entrance that says PESTICIDE TREATED AREA and contains the international signage, keep off the grass. The flag(s) must remain in place for at least 72 hours following the application and we are responsible for removing the sign within 72 hours following application. We would appreciate it if you would remove the signs for us.

We are also required to provide the following phone numbers for your use in the event you have questions concerning the materials that we will be using:

- NATIONAL PESTICIDE INFORMATION CENTER: (800) 858-7378. For general health and pesticide toxicology questions.
- NEW JERSEY POISON INFORMATION & EDUCATION SYSTEM: (800) 222-1222. For emergency situations.
- NEW JERSEY PESTICIDE CONTROL PROGRAM (609) 984-6507. This number is for pesticide regulatory information and pesticide complaints.
