

SHARE THE KEYS

“Share the Keys” is structured for parents and their teens in the pre-permit/permit state of licensure and designed to support parental support involvement and safe driving behaviors. The program further assists parents in understanding the Graduated Driver Licensing laws and responsibilities associated with driving, that are essential to teen driver safety. Parents and teens who already hold a probationary license will also benefit.

Parents and their teens interested in attending “Share the Keys” presentation can call the Burlington County Sheriff’s Department, Community Services Unit at 609-265-3788.

The logo features the words 'Share the KEYS' in a stylized font. 'Share' is in blue, 'the' is in a cursive script, and 'KEYS' is in large, bold, blue letters. A large silver key is positioned behind the text, and a smaller silver key with 'SJK' on it is to the right. The background is blue with a yellow banner at the top.

Share the Keys is an interactive orientation for parents and teens designed to reduce teen driver crash risk by increasing parental involvement.

Parents are Key to Teen Driver Safety
