NOTES:

(1) Effective 2013, the Section 221(d)(3) mortgage insurance program, used for calculating HOME maximum per-unit subsidy limits, was discontinued and HUD ceased calculating separate limits for the program. Until a new rule is published, HUD has adopted an interim policy utilizing Section 234 - Condominium Housing Basic Statutory Mortgage Limits, for elevator-type projects, as an alternative to Section 221 (d)(3) limits.

(2) HOME Maximum Per-Unit Subsidy Limit follows guidelines outlined in 24 CFR Part 92.250(a). HOME's maximum per-unit subsidy limit, for High Cost Percentage (HCP) areas, cannot exceed 240% of the Section 234 basic mortgage limit. All high cost areas listed within the New York, NY Northeast Regional Office (including the Philadelphia hub and Burlington County) must adopt the 240% cap on Section 234 basic mortgage limits. The guidance published in *HOMEfires* Vol. 12, No. 1 Revised July, 2017, is still in effect.
