**BURLINGTON COUNTY OFFICE ON AGING
2025 AREA PLAN NEEDS ASSESSMENT SURVEY**

The Office on Aging is asking you to complete this survey. This survey is an important step in our 2025 Area Plan Process; by area plan, we mean how we receive the funding for Burlington County senior programs, and then move ahead to distribute those dollars to the agencies who will do the work.

The Older Americans Act is the foundation, and those legislated dollars are distributed and monitored by the State Unit on Aging in Trenton and our Office on Aging. Each year a local area plan on services is submitted to the NJDHS, DoAS, outlining the system of aging services that has been identified and developed to meet the needs of this community. We have the opportunity to look at the unique nature of our county. It allows us to fund services that meet these concerns where we can, while we work under the mandate of the Older Americans Act and address five key areas of support: home support, community support, nutrition support, caregiver support and access.

In addition to this survey, we gather our needs assessment information from Client Surveys, Senior Advisory and Service Provider meetings, Priority Issues Areas identified from our I and A calls received directly from the clients who contact us. Then we put the next year's plan together with a close look at what we have identified.

Please log into our survey and begin!
