Burlington County
YOUTH
SYMPOSIUM

OCTOBER 20, 2014
9:00AM - 1:30PM

The goal of the symposium is to help the youth become career ready; help shape and develop a long term plan for a positive future, with an education beyond high school. The symposium will include workshops to improve the youth's probability of obtaining a job, as well as assist in developing important life skills i.e. communication techniques, appropriate work behavior, time management, resume creation, interview and job search techniques. The project will include several months of follow up and all students will be provided information on youth employment opportunities, mentoring, skills training and other appropriate services/material. The ultimate goal of the symposium is to empower county high school students with the knowledge they need to remain positive about their future.
